

Mission Statement

At Wyke Regis and Lanehouse Medical Practice, we are committed to delivering compassionate, patient-centred care that is accessible, high-quality, and based on the best available evidence. Our focus is on prevention, early intervention, and the holistic well-being of every individual we care for.

We strive to:

- Provide comprehensive and timely medical services tailored to the needs of our patients.
- Foster a welcoming, respectful, and inclusive environment for all.
- Encourage health education and preventative care to support long-term well-being.
- Continuously improve our services through innovation, collaboration, and professional development.
- Maintain a patient-first approach where trust, dignity, and excellence in care are at the heart of everything we do.

With a dedicated team of healthcare professionals, we aim to make a positive, lasting impact on the health and quality of life of our patients and the wider community.
